

Please do not replace my K-LOVE station with an LPFM!

This is the only station that has family-friendly programming in my area that I know I can turn my radio to and not be worried about what my children will hear. Other stations have commercials that I do not want myself or my children subjected to. Also, other stations that consider themselves "family-friendly" have phrases and words that they say that I would NEVER let my children say, let alone listen to. I know that if K-LOVE is replaced with another station, then there will be nothing on the radio for my family and I to listen to!

The service provided by K-LOVE is in the public interest as it supports wholesome values and has a positive impact on communities all across America. My siblings and I are 1700 miles apart, yet we both listen to K-LOVE with the knowledge that we will never hear anything even remotely objectionable on it.

If you replace K-LOVE, it will have a detrimental effect on our community. No longer will people have somewhere to turn their radios to, to get wholesome programming and good music. That will have them turning to other stations that are more lax in what they feel is appropriate, or turning off their radios all together.

Please do not let an LPFM station take priority over current FM translators.

K-LOVE is an important part of many communities across the nation, and it should not be removed from ANY area!

Thank you.
